The District Agenda is comprised of six different sections:

The first section which is called **Audience Questions and Comments**. The Audience Comment portion of the agenda is where individuals may comment on matters that concern the District. Each individual is limited to three (3) minutes for such comment. The Board of Supervisors or Staff is not obligated to provide a response until sufficient time for research or action is warranted. IF THE COMMENT CONCERNS A MAINTENANCE RELATED ITEM, THE ITEM WILL NEED TO BE ADDRESSED BY THE DISTRICT MANAGER OUTSIDE THE CONTEXT

OF THIS MEETING. The second section is called **Administrative Matters** and contains items that require the review and approval of the District Board of Supervisors as a normal course of business. The third section is called **Business Matters**. The business matters section contains items for approval by the District Board of Supervisors that may require discussion, motion and votes on an item-by-item basis. Occasionally, certain items for decision within this section are required by Florida Statute to be held as a Public Hearing. During the Public Hearing portion of the agenda item, each member of the public will be permitted to provide one comment on the issue, prior to the Board of Supervisors' discussion, motion and vote. Agendas can be reviewed by contacting the Manager's office at (813) 374-9105 at least seven days in advance of the scheduled meeting. Requests to place items on the agenda must be submitted in writing with an explanation to the District Manager at least fourteen (14) days prior to the date of the meeting. The fourth section is called **Staff Reports**. This section allows the District Manager and Maintenance Supervisor to update the Board of Supervisors on any pending issues that are being researched for Board action. The fifth section which is called **Audience Comments on Other Items** provides members of the Audience the opportunity to comment on matters of concern to them that were not addressed during the meeting. The same guidelines used during the first audience comment section will apply here as well. The final section is called **Supervisor Requests**. This is the section in which the Supervisors may request Staff to prepare certain items in an effort to meet residential needs.

Public workshops sessions may be advertised and held in an effort to provide informational services. These sessions allow staff or consultants to discuss a policy or business matter in a more informal manner and allow for lengthy presentations prior to scheduling the item for approval. Typically no motions or votes are made during these sessions.

Pursuant to provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this meeting is asked to advise the District Office at (813) 374-9105, at least 48 hours before the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at 1 (800) 955-8770, who can aid you in contacting the District Office.

Any person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that this same person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Mike Lawson c/o Epperson Ranch—District Management Office 15310 Amberly Drive, Suite 175 Tampa, FL 33647

Dear Supervisor Lawron. 112 -

This year Epperson Ranch Community Development District received a check for excess fees in the amount of \$1,293. As your management company has no doubt told you in the past, this amount represents the District's portion of fees earned by this office during the recently ended fiscal year. Per the tax collector's agreement with your community, these excess fees are refunded to you on an annual basis.

As an elected member of the CDD board please consider sharing this good news with the members of your community. A note in the neighborhood newsletter, a copy of the check sent to each resident or a similar means of communication will help your fellow residents understand the benefits of the partnership you have with the Pasco County Tax Collector's Office. These are funds that your association may have some freedom to use for projects and/ or services that your neighborhood may need. In any event it is a tangible reminder of why contracting with our office is beneficial to your community.

Please do not hesitate to contact me if you have any questions about this refund or any other service our office provides.

Best wishes,

Mike Fasano

Tax Collector

Epperson Ranch Community Development District c/o DPFG Management and Consulting LLC 250 International Parkway, Suite 280 Lake Mary, Florida 32746

Thank you for choosing LLS Tax Solutions Inc. ("LLS Tax") to provide arbitrage services to Epperson Ranch Community Development District ("Client") for the following bond issues. This Engagement Letter describes the scope of the LLS Tax services, the respective responsibilities of LLS Tax and Client relating to this engagement and the fees LLS Tax expects to charge.

Epperson Ranch Community Development District
 \$5,800,000 Capital Improvement Revenue Bonds, Series 2015A-1
 \$6,505,000 Capital Improvement Revenue Bonds, Series 2015A-2
 \$2,500,000 Capital Improvement Revenue Bonds, Series 2015A-3

SCOPE OF SERVICES

The procedures that we will perform are as follows:

- Assist in calculation of the bond yield, unless previously computed and provided to us.
- Assist in determination of the amount, if any, of required rebate to the federal government.
- Issuance of a report presenting the cumulative results since the issue date of the issue of bonds.
- Preparation of necessary reports and Internal Revenue Service ("IRS") forms to accompany any required payment to the federal government.

As a part of our engagement, we will read certain documents associated with each issue of bonds for which services are being rendered. We will determine gross proceeds of each issue of bonds based on the information provided in such bond documents. You will have sole responsibility for determining any other amounts not discussed in those documents that may constitute gross proceeds of each series of bonds for the purposes of the arbitrage requirements.

TAX POSITIONS AND REPORTABLE TRANSACTIONS

Because the tax law is not always clear, we will use our professional judgment in resolving questions affecting the arbitrage calculations. Unless you instruct us otherwise, we will take the reporting position most favorable to you whenever reasonable. Any of your bond issues may be selected for review by the IRS, which may not agree with our positions. Any proposed adjustments are subject to

certain rights of appeal. Because of the lack of clarity in the law, we cannot provide assurances that the positions asserted by the IRS may not ultimately be sustained, which could result in the assessment of potential penalties. You have the ultimate responsibility for your compliance with the arbitrage laws; therefore, you should review the calculations carefully.

The IRS and some states have promulgated "tax shelter" rules that require taxpayers to disclose their participation in "reportable transactions" by attaching a disclosure form to their federal and/or state income tax returns and, when necessary, by filing a copy with the Internal Revenue Service and/or the applicable state agency. These rules impose significant requirements to disclose transactions and such disclosures may encompass many transactions entered into in the normal course of business. Failure to make such disclosures will result in substantial penalties. In addition, an excise tax is imposed on exempt organizations (including state and local governments) that are a party to prohibited tax shelter transactions (which are defined using the reportable transaction rules). Client is responsible for ensuring that it has properly disclosed all "reportable transactions" and, where applicable, complied with the excise tax provision. The LLS Tax services that are the subject of this Engagement Letter do not include any undertaking by LLS Tax to identify any reportable transactions that have not been the subject of a prior consultation between LLS Tax and Client. Such services, if desired by Client, will be the subject of a separate engagement letter. LLS Tax may also be required to report to the IRS or certain state tax authorities certain tax services or transactions as well as Client's participation therein. The determination of whether, when and to what extent LLS Tax complies with its federal or state "tax shelter" reporting requirements will be made exclusively by LLS Tax. LLS Tax will not be liable for any penalties resulting from Client's failure to accurately and timely file any required disclosure or pay any related excise tax nor will LLS Tax be held responsible for any consequences of its own compliance with its reporting obligations. Please note that any disclosure required by or made pursuant to the tax shelter rules is separate and distinct from any other disclosure that Client might be required to or choose to make with its tax returns (e.g., disclosure on federal Form 8275 or similar state disclosure).

PROFESSIONAL FEES AND EXPENSES

Our professional fees for services listed above for the bond year ending October 26, 2018 is \$650. We will bill you upon completion of our services or on a monthly basis. Our invoices are payable upon receipt. Additionally, you may request additional consulting services from us upon occasion; we will bill you for these consulting services at a beforehand agreed upon rate.

Unanticipated factors that could increase our fees beyond the estimate given above include the following (without limitation). Should any of these factors arise we will alert you before additional fees are incurred.

- Investment data provided by you is not in good order or is unusually voluminous.
- Proceeds of bonds have been commingled with amounts not considered gross proceeds of the bonds (if that circumstance has not previously been communicated to us).
- A review or other inquiry by the IRS with respect to an issue of bonds.

ACCEPTANCE

You understand that the arbitrage services, report and IRS forms described above are solely to assist you in meeting your requirements for federal income tax compliance purposes. This Engagement Letter constitutes the entire agreement between Client and LLS Tax with respect to this engagement, supersedes all other oral and written representations, understandings or agreements relating to this engagement, and may not be amended except by the mutual written agreement of the Client and LLS Tax.

Please indicate your acceptance of this agreement by signing in the space provided below and returning a copy of this Engagement Letter to us. Thank you again for this opportunity to work with you.

Management Summary

The waterway inspection report for Epperson Ranch CDD was performed on November 26th, 2018 on ten sites in the community. Many sites were observed with positive treatment results of algae and vegetation from maintenance performed in the beginning of November and some sites were recently targeted and will soon have visible results.

Turbidity was high in the water of site #27, which is in close proximity to active construction sites, which may be influencing the amount of suspended solids. Monitoring of the site will continue to assess the need for a water clarity test.

A moderate amount of filamentous algae growth was observed in site #22, which received treatment on 11/2/18. Filamentous algae was seen in moderate amounts during the site inspection. With new ponds come new characteristics and sometimes, new challenges. Monitoring of reoccurring algae growth in all sites will help to identify ponds that may have underlying water quality issues. Aquatic Systems has a fully staffed, in-house laboratory to provide complete water testing services to our clients. Water quality testing can identify the factors contributing to a "problem pond" and then we create management plans specific to the that pond. Nutrient deactivation treatments and aeration installations are two examples of long-term, science-based solutions that can help the waterways of Epperson Ranch CDD
